ITALIAN STRIKERS REJECT AGREEMENT

Radicals to Continue Occupation of Factories.

LONDON, Sept. 23.—A referendum among the strikers in Turin has resulted in the rejection of the agreement arrived at in Rome between the employers' representatives and the workers in the metal trades, says a Rome dispatch to the Exchange Telegraph today.

Occupation of the Fiat, Lanola and Dubost automobile works, the Ansaldo aviation works and other factories, chiefly textile, will be continued, the dispatch says.

Tuesday night royal guards were fired upon, one being killed and several wounded. Three armed "red guards" were arrested.

At Milan a bomb was exploded on the threshold of the residence of a manufacturer who was a leader of the opposition to the workers' claims.

In Savona, the metal workers have decided to reject the agreement and maintain their occupation of the plants seized.

Following the refusal of a manufacturer of Brescia, Signor Franchi Gregorini, to advance 15,000 lire on account of work done during the occupation by the workers, the strikers seized another of his plants.

**COCONUT OIL MAKES
A Splendid Shampoo**

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls of Mulified will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulified coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure your druggist gives you Mulified.

MEXICO FACES KNIFE.

Switches Old Maid Off On Blind Nigger, Marries Wrong "Gal"

SENATOBIA, Miss., Sept. 23. (Spl.)—Sid Williams, a blind negro living eight miles west of Senatobia, has been badly mixed on his matrimonial affairs. Sid procured license to marry one Celia Williams, a dusky damsel, whom Sid had been courting for quite a time. Celia had an older sister, who had reached the old maid state without any beau. And when the preacher went to tie the knot between Sid and Celia, the old maid sister, persuaded Celia to switch her on to Sid. This was done and Sid was tied up to her instead of Celia.

Sid, unlike Jacob of Bible fame, is unwilling to be beat out of his girl, and has been to see the officers about the unwilling exchange. The officers are at a loss to know just how to proceed. The preacher clears himself by saying that he did not know either Celia or Inez. Sid is out of line for prosecution, he couldn't see either of them. He stated to the officers that he was about ready to "chunk the whole thing."
